mojaloop foundation

Community Strategic Direction

- **Shared ideals**: Mission, Vision, Values, Guiding Principles etc

- **Community Membership Model**: A clear definition of membership profiles within the community, how people acquire membership and the terms of engagement.

- **Community Working structures**: A plan that describes community workflows and recommendations to improve its effectiveness

- **Stakeholder Engagement**: A strategy on how to create awareness and and position the Mojaloop community as a thought leader in the ecosystem.

Community Strategic Direction

- We invite the community to collaborate with the CLC in developing the Community Strategic Direction.

- Provide your thoughts and feedback on Discourse here: https://community.mojaloop.io/t/mojaloop-community-strategic-direction/75

Onboarding

Looking Ahead

Onboarding Objectives

PI-10 Objectives:

1. End to end review of the onboarding process

2. Updated documentation

Onboarding Process Evaluation

- Is it clear to new contributors about how to get started?

- Are communication and coordination happening in the open?

- Is the process for code reviews and merges clear?

Updated Documentation

- New "Dev Hub"

  - Streamlined, updated documentation

- Pathways to contributing

  - Writing documentation

  - Bug reporting and fixing

  - QA and testing

  - Community Help and Leadership

  - Non-developer contributions

  - Design

  - Translation

- Announcing releases and contributors to each release

Updated Documentation

- New "Dev Hub" to sit at http://dev.mojaloop.io

- Content draft complete and open for feedback/review

- Propose ideas and suggestions on Discourse: https://community.mojaloop.io/t/mojaloop-dev-hub/78
